Dr. Mike and Dr. Yasmine lectured on veneers and dental photography.

Miyasaki Dental at the forefront of teaching.

Dr. Mike and Dr. Yasmine recently lectured at the Pacific Aesthetic Continuum in San Jose, CA, delivering a comprehensive 2-day **live patient course on veneer procedures**. During this first weekend, they taught fellow dentists the proper techniques for veneer preparation, with patients leaving with temporary veneers. The group will reconvene in approximately one month for the second phase, where they'll learn about the cementation process and place the final veneers on their patients.

Smile transformation with minimally invasive veneers

This patient was unhappy with the color and look of his smile. His main goal was a **"hollywood smile."** We treated 20 teeth and completely revamped his smile, making it look fresh, more youthful, and aesthetically pleasing. Our patient is extremely happy with his decision and the **life-changing results.**

Smile transformation utilizing minimally invasive veneers
